1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 3, "The method" has been changed to ---The control apparatus---

The office action mailed on 02/10/2005 requested new drawings showing a "selector unit" and brightness sensor". However, further review of the specification revealed such drawings are not necessary since these elements are just conventional; thus, the requirements are moot.
